Mr. John Skov
Skov & Associates
3951 Sacramento Street
San Francisco, CA 94118

Dear John,

We appreciate your willingness to assist in determining the current financial status of the Point Foundation/Whole Earth Review/Millennium Whole Earth Catalog.

As we discussed, we would hire you at your non-profit rate of $75 an hour, starting Monday morning, August 15. We agree that we will hire you to spend approximately two hours on Monday at the Point offices, after which you will provide us with an estimate of time involved, and if there are any current or former staff members you might need to speak with.

We would like you to review accounts that cover staff compensation, and relevant financials with regard to the magazine, WELL sale, MWEC (catalog) and other Point activities from July 1993 to current. It is our hope that the financial report can be completed within two to three days.

We are gratified that you are able to step in to help the Point Foundation at this time, and appreciate your confidentiality with these matters.

Sincerely,

Peggy Lauer, Director
On behalf of the Point Foundation Board of Directors

Beau - ok'd by phone 8/13
